

# HAMILTON GETS OVER HALF OF OBJECTIVE FIRST WEEK

Total From All Sources Up To Saturday Night Exceeded Seven Millions

Historic War Trophy Exhibit Opens To-night In New Armory At 7.30 O'clock

"If the small buyers come forward and respond, there's no doubt of it." That's what officials of Hamilton's Victory loan committee said at headquarters on Saturday night when asked if this city was going to surpass last year's enviable record of one bond for every 2.6% of its population; a record, it is remembered, that was not equalled anywhere else in America.

Total collections up to Saturday night amounted to \$7,000,000, subscribed by 2,512 buyers, which represents 53.91 per cent. of Hamilton's objective.

The five teams on Saturday sold bonds to the amount of \$149,250 to 207 subscribers. To date the teams have sold bonds to the amount of \$1,372,000 to 1,194 subscribers.

Major Seymour's team in District A was led on Saturday with \$51,300 among 72 subscribers. William Robertson's team in District A was second with \$27,500 among 63 buyers.

C. Thomas' team in District E was fourth with \$17,300 among 64 subscribers. Major Chester Walters' team in District B was fifth on Saturday with \$14,500 among 48 buyers.

The special subscribers, who have paid \$25,000 and over, on which no interest is paid, they being sent direct to Ottawa, amounts to \$25,000 from nine subscribers.

To date the special amounts to \$5,421,000 from 28 subscribers, or \$24.40 per cent. of its total.

All these buyers, the most and best day for them, the banks sold \$21,500 worth on Saturday to 58 buyers.

Their total to Saturday night amounted to \$212,500 among 334 subscribers.

The summary shows:

INDUSTRIES DOING WELL

P. A. Thompson, one of the vice-chairmen of the committee, stated at headquarters on Saturday that the big buyers were investing heavily in this loan. They were not only doubling up, but were buying to the very limit of their financial resources. "I have reason to believe," he said, "that they appreciated that this was not only the last Victory loan and therefore had to last to the bitter end as an aggressive investment, but that Canada was to have the money if industry was to live as it must, that if people were to live, in other words, they are helping their country and also ensuring their employees and their families a safe way home."

The Appointed Book Check Committee, which has not yet made any returns, will roll up a big total. Mr. Thompson said that all the reports he had received manifested keen enthusiasm on the part of employees of Hamilton's largest factories. Figures will be available gratifyingly, it was forecasted, once they are given to headquarters. As an instance, reported Mr. Thompson, the manager of the Chapel of the Steel Company of Canada, factor captain of the International Harvester Company, and Mr. McLean, the other large concern all indicated that a more usual response was being shown. The 1919 Victory drive in Hamilton was the largest and most splendidly, it is thought. Last year Hamilton's total sales for the first week of the campaign amounted to \$4,927,400 from 4,616 buyers. This year for the first week of the drive the total sales amount to \$7,000,000 from 3,744 buyers, thus showing that Hamilton has sold more bonds to less buyers than did last year. This is a remarkable change, without doubling up. All that remains for the \$20,000,000 mark to be reached, is to sell another \$1,000,000 or so, when who can buy a \$50 or a \$100 bond, will be their help that will enable Hamilton to surpass last year.

Every citizen should see to it, added Mr. Thompson, that everybody buys a bond. Hamilton has done its duty to the war effort, and those who saw that Hamilton has sold more bonds to less buyers than did last year, you haven't any conception of this until you've seen these figures.

An added feature next week will be an exhibit of the vocational training which is being conducted to prepare men to live civil life those heroes who, owing to injuries, are unable to pursue their former occupation. This is a great service, and will be in charge, and their particulars will be announced.

Everyone will have a booth at the armories. Be sure and present the one which represents your district. You live in it, buy here, help here. Help the drive and help run a large total of subscribers during this first week of the campaign, and throughout the whole American continent last year the number of subscribers to the war loan exceeded the number of subscribers to the peace loan.

"Can we do it again?" I say we can and will, concluded Mr. Thompson.

**WAR ENDS AT 7.30 TO-NIGHT**

After a long night and all day yesterday so far as not to be surpassed, the Canadian soldiers, like their Hamilton citizens, Lieut. General Sir Arthur Currie, have weighed this afternoon and everything in readiness in camp, with exhibits and trophies to be handed over for two weeks, concluding in the new armory, tonight.

This is, by all odds, the most interesting, most historical, biggest and vital offering Hamiltonians have ever been asked to see. To appreciate the war's countless glories would be to try and write a history of the great conflict represented, so many of its noted figures almost brought together in a close-up of great war it is beyond description.

When it is known that the entire load of trophies may be gleamed of each day, the public will be very anxious to see the exhibit.

How complete the exhibit will be, however, depends on the weather that day.

**FATAL PRANK ON HALLOWEEN**

Vancouver, Nov. 2.—Little Dick Ticken, the dead in the City Morgue, the victim of a foolish Halloween's prank. His lifeless body was found last night on the pavement huddled beneath a low street lamp. The police have ascertained that he was apparently the little victim of a practical joke, as the visitors plucked them. The police are interested, and are questioning the man who was looking at them.

These are great apes and devils, wrapped in rags, and a tale the people who give them have an impediment in their speech. What difference does that make? Money talks.

## HIS SUPPORTERS BEHIND M'BRIDE

Brantford Labor Backs His Stand On Coalition.

Several of Party Reported With Him.

Brantford, Ont., Nov. 2.—An offi-

cial statement was issued here Saturday by the L. P. on the recent split between some of the members of the Labor Party and the U.P.O. at Toronto. After endorsing the independent stand taken by Mayor MacBride and his supporters, the party expressed its sympathy with the proposed Cabinet formation, the statement read: "We thoroughly endorse the stand taken by the Mayor and his supporters that it will be to the interest of the people that he should be made to lead the Government.

Other laborers from the independent organizations, including Greenlaw, St. Catharines; Hett and Hamel, Kitchener; Scott, Woodstock, Grand Bend, Sarnia, and other Mayor MacBride stated that MacNamara, the soldier member, had been turned out of the conference to prevent his being chosen to lead the incident, he said, which did not augur well for the success of the coalition. "Labor will be able to accomplish this when he is nominated, but I hope he will not be nominated," he said.

It was announced that the L. P. were behind the Brantford member

## GERMANY MUST MAKE ALL GOOD

Forced to Pay Up for Ar-misticie Violations.

Scapa Flow Scuttling to Prove Costly.

Pairs Nov. 3.—Demand will be made of Germany that all violations of the armistice shall be made good. This has been decided upon by the Supreme Council, which has completed the protocol to the German treaty.

The protocol to the German armistice, which orders cruisers and destroyers to replace those sank at Scapa Flow, and also surrenders floating dry docks, lighters, trains, tugs and other naval equipment, was signed at the time that of the first-day battleship destroyed, which Germany cannot replace.

There is no provision in the protocol for the payment of damages, but the sum shall be divided among the Allies and associated powers.

Constable Ogar, who was told sentry duty at the time, was taken by the raiders and left the incident, he said, which did not augur well for the success of the coalition. "Labor will be able to accomplish this when he is nominated, but I hope he will not be nominated," he said.

He also said that the party had expressed the desire to enter Dominion politics at the next general election.

## AN INTERESTING WAR RECORD

The latest addition to the great fleet of C. P. O. S. Steamships which ply between Canada and practically all the important ports call in the world is the C. P. O. S. Empress of France, which the war popularly known as the S.S. "Alsatian" and one of the ocean's big liners between Canada and Liverpool.

The vessel has been reconditioned since the war ended and recently completed her maiden trip to Quebec under her new name. The photographic prints reproduced give an adequate description of the ship, her armament, and the facilities available for passengers and crew at the port of Liverpool, in this respect. The "Empress of France" has a length of 600 ft.; beam 72 ft.; depth (to D. deck) 31 ft. 6 in.; and a tonnage of 18,000 gross.

A striking peculiarity is the cruiser's stern, which imparts a warlike appearance to the vessel. Her war record is as follows:

The "Empress of France" as the S.S. "Alsatian" was reconditioned for war purposes under Royal Proclamation immediately on her arrival at the Port of Liverpool, on the 5th August 1914.

After completion of discharge, the entire removal of all passenger accommodation and other wooden parts was carried out, and she was made ready for war service under the command of Captain V. Philimore, D.S.O., and was attached to the 10th Cruiser Squadron on northern patrol duty, sailing from Liverpool on August 15th, at which port she has been based during the entire period of her commissioning.

From August to December 1914, she remained as above stated, but in December she was made Flag Ship of the Squadron to which she was attached, Vice-Admiral Sir Dudley R. S. De Chair, K.C.B., C.V.O., being appointed to the post. In January 1915, she was relieved by Captain Reginald G. Turner, R.C.N., C.V.O., who was succeeded in November 1915 by Rear-Admiral C. W. Keighley Peach, under whose flag she terminated her commission as an Armed Cruiser.

The "Alsatian" during the period of her service as Flag Ship of the Squadron consisted of 24 vessels, the majority of which were Armed Merchant Cruisers. The duties of the Squadron consisted of the stopping of vessels, boarding them and examining their papers, and should on examination they prove to be at all of a suspicious nature, a Naval Officer was detailed in charge and they were taken into port for further investigation and examination. The Admiralty required that each vessel, or party of passengers or crew, as each and everyone had to give a satisfactory explanation as to their nationality and business. Available records show that in all the Squadron intercepted some 16,000 vessels, but it is impossible to say how many of these were definitely of a suspicious nature.

In the early part of 1915, circumstances permitted of the 10th Cruiser Squadron being considerably reduced in numbers, and vessels so engaged being allocated to Convoy Protection Duty, the "Alsatian" figuring among the number of ships so engaged. She was detailed to Atlantic Convoy Protection, where she was engaged in escorting nine convoys of about 20 vessels each, carrying an estimated number of troops per convoy of 50,000, principally Americans.

While engaged on Convoy Escort duty the "Alsatian" also carried troops and cargo, the number of vessels in each convoy varying, and the weight of cargo per voyage between 2,000 and 2,500 tons. She made her last voyage on Government Service in November 1915, sailing from Liverpool on the 14th, and docked at that port on December 11th 1915, having steamed a total distance on Government service of 10,000 miles.

On January 17th 1916, she left for Glasgow, having been placed in the hands of her Builders—Messrs. Dardmore & Co.—by the Admiralty for reconditioning, being redelevered to the C. P. O. S. at the Port of Liverpool on April 1st 1916, and renamed the "Empress of France". On April 2nd, Captain Outram her Captain when War broke out, was given the rank of Commander R.N.C. and acted in that capacity, which was of an advisory nature, under both Vice-Admiral Sir Dudley R. S. De Chair, R.C.N., and Admiral Sir Philip P. Towneley, K.C.B., C.V.O., and Captain Cook, R.N.R., who had rendered services rendering him successful by Captain Cook at the same time as Admiral Turner was succeeded by Rear-Admiral C. W. Keighley Peach. Captain Cook at the same time as Admiral Turner was succeeded by Captain C. W. Keighley Peach, and now commands the vessel.

## A RELIGIOUS REVOLUTION IN NEAR FUTURE

Predicted by Capt. Howain at St. John Church Yesterday.

### SAW LONG SERVICE

Spoke of the Christianity Which the Soldier Brought Back.

A comparison of the church and the army will be the basis from which Capt. Howain delivered his sermon, predicted last evening at St. John's Presbyterian Church. Captain Howain has recently returned from a tour through England, France and Russia, and having been private, minister and officer, his knowledge of the ways and customs of the army enabled him to look inside into its workings. His first comparison was that of the feelings of the disciples, after their return when they had been away at sea, and were unrewarded for their labors, with that of the man in the army who had not been rewarded for his labors, and they he likened to the man who had lost his place. The disciplines were following a gleam of light, while the men as did the ones who went overseas to fight for an ideal. And necessarily they would feel the same as the soldiers, that they had been leaders, and knew not where to go, or what to do. And it was their trials that made them hold closer to their leader. In both cases, the soldiers.

"There were many people who believed that when the boys came home they would come with them better and more Christianity. They have, but not the orthodox sort that many believe in. Theirs is a kind of Christianity that causes them to exert themselves for the good of others, and give up comforts, that others might enjoy them. That is the Christianity which the men overseas, and believe it is now that they have returned. But they would never have believed this had they seen for the foresight and kindness of the women at home, who sent them comfort. And it is these things that have won over the Canadians at the front more than anything else. The same was true in Russia, where the thoughtful British and French staples of food, those two ascertainable things, biscuits and macaroni, the latter were concocted by the Canadian wife committee. But still through all this, the hand of God could be seen, though at times He seemed very far away." Captain Howain spoke at some length of the trials of the men overseas, comparing them with the hardships which were born in the days of Christ, and added, "and which necessarily must be borne today by all true Christians. If we would bring godliness into our lives, we must bear it." "I am not my brother's keeper," has been proved, though fallacy in the past, but the man went to the assistance of others continually. "And therefore we must stretch forth our hands to help others now," concluded Capt. Howain, in prediction of a religious revolution in the near future.

### LABOR AFTER BIGGER BLOCK

And More Power, at Great Conference.

Some Lands Have No Labor Delegates.

Washington, Nov. 3.—Dissatisfied with the present basis of representation in the International Labor Conference, the labor delegates from the United States have made an effort to throw out the votes of the delegations from countries which were not represented at the conference, and are represented as a dispensation of convenience.

Most of the European countries, as well as China, Russia and Japan, whose delegations were not represented at the conference, and which are represented as a dispensation of convenience, have withdrawn their delegations.

Delegates from the United States contended that these officials were not qualified to represent their countries in their home countries, and not qualified to represent them.

The American delegation, however,

the two delegations from Canada, one and labor one, at the American conference, and the two delegations from the International Federation of Trades Unions, which will all hold their seats at the conference, and the delegations from the German and Austrian representatives, the demand was made that the delegations in each case also be reduced to one.

The raising of this issue blocked the program of the conference, and the question of the eight-hour day and forty-eight-hour week, the programming for the further purposes of the conference, was left out.

The German and Austrian delegations, as well as the delegations from the Czechoslovakia, and probably of Holland, will be seated at the conference, and the vote on all issues included in the agenda of the conference, one foreign delegate said.

The German and Austria delegations sat down at Amsterdam on October 26 and should be here by Wednesday, according to W. E. Clegg, president of the International Federation of Trades Unions, who said that the delegations from their respective nations might produce an awkward situation if they were seated at the conference.

The two Central Powers will be placed in the same category as the United States, and may be seated in the old German and Austrian delegations.

The two delegations will be seated at the conference in alphabetical order, in accordance with the International Federation.

The conference hall was given an interior decoration which reflected the country's place at the long tables with the flags of the countries.

### COAL STRIKE WILL SOON END

Street Sees Tendencies Indicating This.

Locomotive Engineers Will Aid Miners.

Supplied by Tommerson, Foreword & Co., Merchant Bank Building.

If it is assumed that the coal strike will soon be a matter of history, and the general tendency has been to regard it as only temporary, the result would be disastrous. Great Britain's coal has been flooded, and caused a success. The demand for coal in Canada is still strong, and the prices are high, the resulting profits are great, and therefore is one of the influences under which the miners have been small help in the advance. The one point which does not receive sufficient consideration is the position of the mining and the supply of new stocks that continue to absorb supplies. The miners have been drawing your attention to a table prepared by a news bureau citing the amount of new stocks entering the market by the leading corporations. This morning the Journal of Commerce published a table showing the stocks held by the year. During the month of October new stocks amounted to \$13,000,000, during September \$12,000,000, and for the month of this year the total of oil stocks amounts to \$2,775,000,000. All these stocks are held by the public, the power of exchanging them for the capital of the public, and this is going to play a prominent part sooner or later.

#### THURBINE

Corn is up over 10¢ for December from the low point about three weeks ago. The price crossed the \$1.30 line yesterday. Those who are not able to buy at the present time believe that a further upset was due. They said the short interest had been largely taken care of, and that there is a market that can go up with the majority of the trade again. It has made more money than it has lost in the past few months.

As is generally the case when prices are up, the news and a good part of the market is bearish, but it is the reverse, and declining conditions. The popular argument of the optimists was that, inasmuch as corn is still in short supply, and the week with conditions as bearish as ever known, there is no good reason for a further increase. The pressure from sellers, light, and especially buying interests, cause should cause an enlarged demand for higher prices.

Western houses, which were active on the market, said of corn: "Prices are the largest buyers Saturday. There are now extensive takings of corn, especially at around \$1.20, but offerings were very scarce."

Gold furnished the surprise of this day, and the trade had an awakening such as frequently comes after a long period of inactivity. It was noted that the market was very quiet, and the cash houses were a free seller of December and May all day, while a half-dozen of the larger firms professionals were on the buying side.

Railroad brotherhood will move to have Congress pass legislation for re-nationalization of public transportation until December 31st, 1920, unless President Wilson extends time beyond January 1st.

#### AMERICAN OPINION

Barrett-Brown—The action of the market confirms our recent statements of the seriousness of the car shortage and unsatisfactory march of supply. Strength is weak.

Hibbard Warren & Chandler—The combination of a small movement and a large number of cars will move to an almost irresistible buy movement.

For Press at least—We have advised agents selling Decors for several weeks. There is enough cars to go around, but a shortage of cars for moving time is likely for December. Losses are possible.

Lamson Bros.—Should the road terminate like the hill, it will be a position to decline as rapidly as it has advanced.

BELGIANS DECORATE CANADIAN GRAVES.

Belgians, who for the first time since the war the Belgians Saturday were allowed to commercialize, the Belgian Society's Day was celebrated with great pomp in Brussels. Burial services were held at the graves of Belgians. Canadian, English and Americans.

Wise—Belgian, one of the clowns follows I ever saw. He seems to break everything he lays his hands on. Wise—Worse than that; he doesn't even open his mouth without making a break.

What's the matter with Dundas? That's the often asked question at Wentworth County Victory Loan Headquarters, somehow or other, but it is not showing signs of improvement. Valley Town's showing in the race will be little short of disgraceful, unless the residents "back up" immediately.

Fairs of town of equal size in Canada or America are as prosperous as Dundas. There is a number of moderate means, and during the last five years things have been booming. Last year in Dundas there was a fair record. In last year's race Dundas made an excellent record, but this year although the fairs have been held, they have not received the townpeople individually have so far neglected to take advantage of the world's war veterans, either three per cent, and all Canada as security.

W. M. Cledenham, Headquarters Secretary, gave the following figures this morning:

3. West Flamboro	140,000	22,500
4. Ancaster	275,000	22,800
5. Guelph	190,000	42,900
6. Barton	200,000	70,500
7. Brantford	30,000	5,000
8. Brantock	350,000	44,150

of Wentworth Victory Loan Committee, gave a stirring five minute talk on the Victoria Loan.

In closing Mr. Gravenor said, "It is most essential that his Victoria Loan of 1919 should be a success as it was in 1918. We must go to the Government sufficient money to 'carry on' it can be easily done. The Victoria Loan is the splendid market which is rapidly developing in the old world will be entirely lost to us if we do not carry on in the same way. Canada must remain on a sound financial basis, the greatest export market must be developed. These sentiments were expressed by Canadians trading amongst themselves. If by any chance this Victoria Loan of 1919 should fail to reach its subscription amount industrial concerns and such a depression would find most agricultural sections of Canada as has not been seen in many years."

The only thing that keeps me from taking another \$100,000 of Victory bonds is that I don't know where to find the money.
